Senate Probes Labor Peace For Price Deal

Johnny Dio Expected To be Quizzed About 'Sweetheart' Pact

WASHINGTON (AP) — A "sweetheart" contract allegedly engineered by New York racketeer Johnny Dio today comes under scrutiny of senators investigating improper labor-management practices.

"Sweetheart" is the term used for labor contracts in which union officials and employers allegedly reach terms to benefit themselves, but which provide few benefits for the workers bound by them.

Dio, also known as John Dioguardi, was convicted in a New York court last month of a union shakedown conspiracy involving two New York electroplating firms. He has not yet been sentenced on the charge.

Testimony at that trial indicated that the Equitable Research Associates, Inc., which he set up as a labor consultation service, actually was a shakedown racket to sell labor peace for a price.

Dio himself is expected to be summoned later as a witness.

At Monday's hearing, two alleged associates of Dio invoked the Fifth Amendment more than 50 times between them.

Sleek, wavy-haired Milton Holt, secretary-treasurer of Teamsters Local 805, refused to tell more than his name and Flushing, N.Y., address. He declined to say whether

'JP' Penalized \$1,243 After State Audit

LISBON — A Columbiana County justice of the peace learned the hard way today that it doesn't pay to hold up distribution of money collected in fines.

Felix P. Butch, justice of the peace for Center Township, paid a total of \$1,243.37 in interest penalties because he failed to distribute fine collections over a five-year period. This was revealed in a report released today by State Auditor James A. Rhodes.

According to the state examiner, who conducted the audit, the only fines distributed by Justice Butch since May 14, 1952, were those collected for fish and game law violations.

At the close of the examination Butch was handed bills which totaled \$7,846.48. The justice promptly remitted checks to the various subdivisions, the examiner disclosed. Actual amount due, had the distributions not been put off, would have been \$6,603.11. The remainder was interest at the rate of six percent on the undistributed fines and fees.

In his report to Auditor Rhodes the examiner said, "The justice was very careless in the keeping and maintaining of his official records. Many cases were not docketed. Receipts were not noted on the docket and no cash book was kept as required."

The report also criticized Butch for failure to send a written report of each conviction of violations of the "Uniform Traffic Laws" to the registrar of motor vehicles in Columbus.

Senators Shut Door on Civil Rights Changes

Jury Trial Advocates Will Block Attempts To Add Amendments

WASHINGTON (AP) — Supporters of a jury trial amendment closed the door today to any further Senate changes in a civil rights bill the Eisenhower administration seems on the verge of disowning.

Sen. O'Mahoney (D-Wyo.) said he and others will block any attempts to get a unanimous consent agreement, necessary to reopen the bill to amendments, before its expected passage by the Senate Wednesday or Thursday.

With any alterations thus left to uncertain House action, the senatorial argument over the jury trial provision continued at a bitter level.

Sen. Javits (R-N.Y.), an advocate of a strong civil rights measure, disputed the contention of Democratic Leader Lyndon B. Johnson of Texas that jury trials would be needed in only a few cases.

The amendment, sponsored by O'Mahoney and others, would require such trials in all federal court cases involving criminal contempt. These cases arise where a judge desires to punish a defendant who fails to comply with the court's order or complies too late to make it effective.

President Eisenhower has been represented as likely to veto the measure unless this provision is limited to voting rights cases.

Administration leaders have contended the broad provision would disrupt the enforcement of the antitrust laws and the carrying out of decisions by government regulatory bodies.

Johnson said there had been only a "handful" of criminal contempt cases. He added that those

Top Reds May Get New Jobs

Bulgarian, Zhukov Believed Involved

WASHINGTON (AP) — Diplomatic officials speculated today that new jobs may be in the offing for Soviet Premier Nikolai Bulganin and Defense Minister Georgi Zhukov.

The speculation about another Kremlin shakeup was inspired by the circumstances surrounding party boss Nikita Khrushchev's rendezvous in Romania last Thursday and Friday with Yugoslav President Tito.

Bulgarian missed those talks — believed to have dealt with prime satellite political topics — and also was omitted from the list of officials joining Khrushchev in a scheduled visit this week to East Germany.

Speculating on new Kremlin moves is an uncertain business at best, diplomatic officials conceded, but they hazarded guesses that:

1. Bulganin, noticeably shrinking in prominence since Khrushchev thwarted an attack on his leadership last June, might be kicked upstairs to the presidency. This powerless post now is held by the aging Klement Voroshilov.

2. Zhukov, President Eisenhower's World War II comrade in arms, might succeed Bulganin as premier, giving Khrushchev a chance to cash in on Zhukov's high personal popularity with the Russians.

Attendance This Season Expected to Exceed Last Year

City Pool Again Popular With Swimmers

Attendance and revenue at the Centennial Park swimming pool thus far this season indicate that the 1957 figures will top the admissions and income established in 1956, Charles "Rusty" Tomlinson, pool manager, said today.

Tomlinson pointed out that as of July 30, a total of 25,199 persons had paid to swim at the pool while the total attendance figure last year was 23,694.

Receipts thus far in 1957 has totaled \$6,797.35 while income from the whole season in 1956 was \$7,437.90, Tomlinson said.

The best day for admissions this summer was June 17 when 1,190 people swam in the city pool. The lightest day was July 29 with 70. Opening day May 30 showed 618 persons admitted to the pool.

Tomlinson said a total of 373 season tickets was sold. This includes 197 tickets to children 12 and under, 123 to children 13 to 18, 11 adult tickets and 42 family tickets.

The pool will close after Labor Day, Sept. 2.

Full-time life guards at the pool are Lloyd Fitzpatrick and Barbara Ziegler while Earl Ware and Homer Lau are parttime guards.

Other help at the pool includes basket room personnel Winnie Catlos, Sue Henning, Paul Wiggers and Dave Zimmerman. Cashiers are Carol Debnar and Elnora Rankin.

The Centennial Park pool is open to the public from 1 to 9 p.m. daily with hours for private swimming parties set aside for 9:30 to 11:30 p.m. daily. The cost of a private party is \$20 for 35 persons and 50 cents for each person over that amount.

Other activities at the pool include children's Red Cross swimming instructions, adult swimming classes and a synchronized swimming class. The pool also offers a class of instruction for handicapped swimmers besides special playground swims.

Races and diving contests were held July 4. On Labor Day more races will be held, along with synchronized swimming performances.

Air Force Aid Bill Slashed By House Unit

WASHINGTON (AP) — The House Appropriations Committee slashed \$279,158,380 from a supplemental money bill today and told the Air Force not to make its new academy "a monument to governmental extravagance."

It approved \$1,581,590,587 of the \$1,860,748,967 President Eisenhower had requested for miscellaneous programs, mainly for military construction.

The committee cut \$8,332,000 from the \$29,169,000 requested for construction at the new Air Force Academy at Colorado Springs, Colo. It expressed dissatisfaction over "the evident lack of concern for cost factors."

Some contracts have been let at costs as much as three times original estimates, it said. For military construction, the committee recommended \$1,521,500,000 of the \$1,764,500,000 requested. It complained of "a lack of coordination and agreement on objectives between the office of the secretary of defense and the family housing field."

Other allotments included: Fifteen millions for disaster relief for states and local areas suffering major disasters.

\$13,317,000 for the Tennessee Valley Authority, a reduction of \$1,465,000.

\$2,200,000, the amount requested for a U. S. trade fair exhibit of American life and industry in Gorki Park, Moscow, in the summer of 1958.

USW Ballots May be Held

Senate Asks Votes On Election Kept

WASHINGTON (AP) — The Senate Rackets Committee reportedly has asked all locals of the United Steelworkers to impound ballots used in President David J. McDonald's re-election six months ago.

Letters have been written by committee counsel Robert F. Kennedy to the union's more than 2,500 locals, it was learned, asking that the ballots be preserved beyond the Aug. 12 date fixed in the union's constitution as the time they could be destroyed.

McDonald, who won the election by an announced margin of nearly 2-1, issued a public statement several months ago pledging full cooperation in any investigation the committee might undertake.

Donald Rarick, his opponent, a steelworker from McKeesport, Pa., claimed when the union election results were announced there had been "irregularities."

He contended McDonald had used union funds in campaigning against him, but McDonald denied this.

Rarick and a group of fellow USW members have conferred here with Committee Chairman McClellan (D-Ark) and with Sen. Mundt (R-SD), another committee member. McClellan said the committee eventually will get around to investigating Rarick's complaints.

The union reportedly provided to Kennedy a mailing list of all its locals, but union sources said they will walk at any attempt by the McClellan committee to recount the ballots.

They were understood to contend that there is a prescribed union procedure for challenging any voting irregularities and that no recount would change the result of McDonald's victory.

Six Persons Hurt In Two Traffic Mishaps

Six persons were injured Monday in two traffic accidents that took place on neighboring roads. Two truck drivers were injured when their vehicles were involved in a collision at the intersection

of Rt. 7 and Rt. 14, two miles east of Columbiana, Monday at 5:45 p.m.

One man, James Steib, 36, of Warren, is in fair condition today at the Salem City Hospital with injuries received in the mishap. Steib received a possible concussion, abrasions of the body, and lacerations of the scalp. The other driver, James Gerow, 29, of Toronto, Canada, was treated for a badly bruised left leg.

Gerow told state highway patrolmen the accident occurred when his brakes failed at the traffic signal light. Patrolmen said the motor from Steib's truck was knocked some 50 feet from the truck into a roadside fruit market. No one was injured at the market.

Gerow was hauling three racing horses in his horse-van to the track at Wheeling, W. Va. The animals were slightly cut.

Gerow was fined \$15 for reckless operation by Mayor Dean B. Cranmer Monday evening.

Four members of a Salem family were shaken up when their car was forced off the road on a curve on the S. Johnson Road, just west of Homeworth, Monday at 4:55 p.m.

Injured were: Mrs. Margie L. Bell, 28, of 1311 N. Ellsworth Ave., lacerations of the chin and shock; her husband, William, 33, lacerations of the forehead; Sandra Bell, 8, contusions of the forehead and William Jr., 1, lacerations of the mouth. They were treated at the Alliance City Hospital.

Patrolmen said the Bell's were forced off the road into a tree and mail box by an unknown vehicle.

State Submits New Ordinance To City Council

Actual Expense for Salem to be \$5,500; Council Gets Plan

The city will have to pay only \$5,500 to have State, Mill and Newgarden Streets resurfaced, after all.

Mayor Dean Cranmer yesterday received a letter and an ordinance from Ltvi Kimball, state highway department engineer of location and design, pointing out that the total cost of the repaving would be \$13,000. The mayor pointed out that the city's share of this figure would be only \$5,500 since the county commissioners have agreed to contribute \$7,500 to the project.

Paving Thickness Specified

All the streets are to be resurfaced with an inch and one-quarter thickness of asphaltic concrete, according to the state state's latest proposal.

State St. will be repaved from the west corporation limits east to Howard Ave. for a width of 24 feet adjacent to the north curb line, plus a two-foot wide wedge course. The street will be paved full width from Howard St. east to Ellsworth Ave. since no parking is permitted in that block.

East State St. will be paved the full width from Lincoln Ave. east to Vine St. From Vine eastward to the city limits the street's new surface will be for a width of 20 feet, 10 feet each side of the centerline, plus a two-foot wedge course on each side.

Mill St. will be resurfaced from Newgarden St. to the Pennsylvania railroad for its full width.

Newgarden St. will be repaved from the south corporation limits to Mill St. for a width of 20 feet, 10 from the centerline, plus a two-foot wedge course on each side.

The state will participate in the cost of only 20 feet of the full

FHA Interest Rates Boosted Another 1/4%

WASHINGTON (AP) — A rise in FHA interest rates, the second in eight months, brought talk today of congressional action to limit any further increases.

The Federal Housing Administration made effective today an increase from 5 to 5 1/4 per cent in the maximum interest rate on home mortgages it insures. The rate was boosted last December from 4 1/2 to 5 per cent.

Along with the higher rate, FHA also announced Monday lower down payments on homes financed with government-backed mortgages. The biggest reduction applies to houses in the \$10,000-\$25,000 class.

Lowering of FHA down payments was greeted generally with approval in Congress. But the interest boost immediately drew the fire of Democrats who have been critical of administration monetary policies.

Congress in past housing legislation gave the federal housing administrator authority to raise the interest rate to as much as 6 per cent.

Republicans agreed with FHA that a higher rate was necessary to keep FHA mortgage loans competitive with other financing demands in the current tight money market.

Two are Fined

Two persons were fined a total of \$40 Monday by Mayor Dean Cranmer for traffic violations.

Fined were: David Allison, 20, of MC 24, Salem, \$15 for reckless operation, and Horace R. Kepner, 20, of 128 W. 2nd St., \$25, no operator's license.

Democrats' Civil Rights Changes Affect 40 Laws, Agencies, Courts

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Senate Democrats aimed at one bird in the civil rights bill. But they used a shotgun and hit everything in sight.

They acted so hastily in amending President Eisenhower's civil rights bill with the help of a handful of Republicans—that right now they don't know all they hit or the full effect of what they did.

At least 40 laws, many government agencies and all the federal courts are affected. That much is known.

Eisenhower reportedly will veto the bill if the House agrees to what the Senate did and sends it to him. Because of the measure's widespread and uncertain effect, it's hard to see how he could do otherwise, even though vetoing it puts him on a political hot-spot with Negro voters.

Effects Are Far-Reaching
The bill was intended to protect Negroes' voting rights. It gives them far more protection than they've ever had. But its effects go far beyond voting rights.

The Eisenhower administration proposed letting the attorney general step in when Negroes' voting rights are violated. He could ask a federal judge for a court order to stop the violations.

Anyone disobeying could—after trial on a charge of civil contempt—be jailed until he complied. Anyone disobeying after it was too late for compliance could be given a flat jail sentence for criminal contempt of court.

In both cases—civil and criminal contempt—the judge, without a jury, would do the trying and sentencing under the administration's proposal. There is nothing new in this. Trial by judge for contempt of court has existed throughout American history.

Views Constitutional Setup
In a very few instances there have been specific laws permitting trial by jury in cases of criminal contempt. The Constitution guarantees jury trial for crimes but not for contempt of court.

A crime—being a violation of state or federal law—is an offense against the state or the government. Contempt of court is an offense against the authority of a judge and his power to command compliance with his orders.

Southern Democrats did not argue against trial by a judge alone for civil contempt. But for criminal contempt they demanded a jury trial. Some Northern Democrats, avoiding a split in the party agreed to that and then went far beyond it.

Thirty-nine Democrats and 12 Republicans — with 9 Democrats and 33 Republicans opposing them — voted to provide trial by jury in every criminal contempt of court case. That's a huge order.

A number of laws provide for court orders—and trial by a judge for criminal contempt—but no one knows how many. The latest count, before the vote Thursday night, was 40.

Laws Include Agnities
Tied in with those laws are many government agencies—like the Securities and Exchange Commission, the National Labor Relations Board, the Federal Communications Commission—which depend on court orders for final carrying out of their rulings.

Also affected are such laws as the Antitrust Act and the Fair Labor Standards Act which, with the government trying to carry them out, depend in the end on a court order to compel compliance.

The courts would still have great authority to get compliance through civil contempt action.

Whether or not people who are in criminal contempt of court should be tried by a judge or jury is a legitimate and profound question. The Senate could have voted jury trial for contempt of court in voting rights cases and stopped there.

But it went beyond that in a hardly fitting consideration of an amendment so far-reaching. Ordinarily in questions of such magnitude both houses of Congress, before voting, would do this: They'd hold hearings to get the views of federal judges, the federal agencies involved, the American Bar Assn. and all other interested parties. No hearings have ever been held on this.

No one except senators had a chance to give views. The Democrats slammed this legislation together on the floor of the Senate.

Guarding Your Health

By Dr. EDWIN P. JORDAN

Coronary Artery Disease

A fascinating article on the surgical management of coronary artery disease has recently come to my attention. This was written by a surgeon who has spent most of his professional life working in the field of heart surgery.

It must be said first that the coronary arteries are the blood vessels which supply the heart muscle. Like any other muscle the heart requires a plentiful supply of good oxygen — containing blood in order to function properly.

The coronary blood vessels can be shut off by a clot and this is what gives rise to what is commonly called a heart attack or coronary thrombosis.

When the blood vessels are narrowed they may carry some blood but not enough; this frequently causes symptoms known as angina pectoris.

There are two important disorders. The report in question is based largely on about 5,000 experimental operations carried out on dogs in the past 23 years. The observation obtained from these experiments have formed the basis for a certain number of heart operations on human beings which were also discussed.

The article begins with an account of an extraordinary incident. On June 21, 1955, a 65-year-old physician had pain of the anginal type (angina pectoris). The next day he came to the hospital for examination. On the way out of the hospital he fell over dead from a fatal heart attack. Within a few minutes his chest was opened, the heart was massaged, oxygen was delivered to his lungs and the heart beat again. Nine months later this physician was practicing medicine.

The rest of the article is devoted principally to a discussion of the surgery performed and its results on 100 patients with disease of the coronary arteries.

It is not necessary here to go into the nature of the operation which is highly technical, except to say that it involved methods of building new blood vessels to supply the heart to replace those which were unable to do a satisfactory job.

Cases of the 100 patients were followed six months to five years thereafter. There was no pain in 40, less pain than previously in 48, or a total of 88 improved.

Thirty-four of these patients were better able to work without limitation of their activities and 56 were better able to work with moderate limitations.

It was emphasized that the operation does not pretend to cure the disease, but if it gives a longer life with more comfort there is surely much to be said for it!

District clerk Eugene Bowers recalled that a boat loaded with 200 barrels of whiskey, according to the legend, sank near there in 1855.

Every one agrees that if it is the long-buried whiskey boat, the cargo should be well aged.

'Black Magic' Costs Woman Savings, Mate

LOUISVILLE, Ky. (AP)—A brief brush with "black magic" has cost a Louisville woman her life savings and her husband.

Mrs. Pauline Tucker says a woman came to her door a few days ago saying she would cure her aches and pains with "black magic."

Among other things, the woman instructed Mrs. Tucker to: put three broom straws in a glass of water and to place it under her bed; place a silk stocking, containing salt and pepper, under her mattress; and produce 300 silver dollars to be melted into a solution.

After taking the \$300, the result of a long saving period by Mrs. Tucker and her husband, the woman never came back.

And when Mrs. Tucker finally told her husband about it Monday, he left her.

"This was the greatest loss of all," the woman said.

Farm Leaders Meet to Devise Ways to Hike Farmers' Income

WASHINGTON (AP)—Leaders of nearly 30 specialized farm organizations meet today to see if they can develop programs that would put more money in farmers' pockets.

Commodities to be represented included dairy, poultry, grains, cotton, fruits and vegetables, wool, hogs, cattle, peanuts, sugar, rice and soybeans.

The two-day closed conference has been called by the National Milk Producers Federation. Participating leaders said it is being held in an effort to restore unity to a farm bloc badly divided over government aid policies.

Leaders declined to predict whether they would be able to make any headway. They said the principal purpose of the meetings is to "explore the possibilities" of developing individual farm programs for the various commodities and then joining hands to put them through the next session of Congress.

Development of these plans would come at later meetings next fall, they said.

The meeting is limited to farm groups with specialized crop and commodity interests.

The national general farm organizations have not been invited to participate. But Herschel Newsom, master of the national Grange, has given his personal endorsement to the idea.

Newsom, who was scheduled to address today's meeting, said "each commodity is sufficiently unique in its production and marketing conditions to warrant a tailor-made program."

He said leaders of the individual organizations "can work together harmoniously instead of separately, for the kind of improvements and programs American farmers need and deserve."

WASHINGTON (AP)—Federal farm officials expect a sizeable falloff in wheat farmer participation in the 1958 version of the acreage reserve phase of the Soil Bank Program.

Female Platypus Waddles Out on Her Amorous Mate

NEW YORK (AP)—Penelope the platypus has waddled out on her amorous mate Cecil in a tiff over his duckbilled and cooing.

Penelope wasn't lovesick; she was just sick of love. So she packed up and pulled out of the platypusary at the Bronx Zoo.

Keepers are combing ponds in the zoo for the rare Australian mammal with the duckbill, web-feet and broad tail. Penelope and Cecil are the only platypuses living outside Australia.

The lovers' quarrel started about a month ago. Cecil began dragging Penelope about their pool. She didn't cotton to his ways of wooing. The two were separated.

But Cecil found a way of wiggling through to Penelope's sleeping quarters in a mud bank.

In desperation Penelope promptly performed the seemingly impossible. She squeezed under a heavy wire mesh screen and escaped.

8 Salem Men Among 17 Who Enlist In Army

Seventeen Columbiana County men enlisted in the Army during July, according to Sgt. Emuel Bosley, the local Army recruiter. Eight of the men are from Salem.

The enlistees are now at Fort Jackson, S.C., for processing, basic training and further assignment.

Sgt. Bosley said that during July the Army recruiting office processed about 35 men for enlistment. Seventeen of the men enlisted, 10 are scheduled to be enlisted at later dates, and the others were rejected for various reasons.

Enlisting for two years from the Salem area were Donald G. Heston, son of Mr. and Mrs. Melvin J. Heston of 426 Ohio Ave., James B. Neighbors of RD 3, son of Mrs. Elsie E. Neighbors of Dunbar, Pa., and George R. Williams, grandson of Mrs. Helen Williams of 721 Superior Ave.

Enlisting for three years in special assignments in the Signal Corps were James M. Schmidt, son of Mr. and Mrs. William J. Schmidt of 1043 E. Sixth St., Thomas C. Smith, son of Thomas E. Smith of 971 Homewood Ave. and James R. Howell, son of Mr. and Mrs. Robert Howell of RD 3, Salem.

Going into the Military Police from Salem were David F. Curtis, son of Mrs. Elsie I. Hart of MC 24, and William Jermolenko Jr., son of William Jermolenko Sr., of RD 2, Salem. Jermolenko and Curtis enlisted for three years.

Other enlistees were Barry L. Arbaugh, Robert V. Morgan, and Jack Jobe, all of Wellsville. They enlisted for three years in the Second Armored Cavalry Regiment, which is going to Europe this fall. Enlisting from East Liverpool were John L. Sliva and David P. Poalino and from Salineville were Larry D. Boals and Jon Needham.

Enlisting for a technical school from Lisbon was Charles L. Pete and from Chester, W. Va., was Robert D. Richmond.

Y., Miss Nancy Webster and Mr. and Mrs. Fred Mix Jr. of Salem and Mrs. M. R. Douthitt and family of British Columbia.

MR. AND MRS. P. J. WEISS of Toledo were recent guests of Mr. and Mrs. Earl Wang. Nancy Bradley, Celia Ortell and Sandra Ellis have returned to Salem after spending several days with Mr. and Mrs. Ralph Wang.

Mr. and Mrs. Ross Boegreain of Lake Placidia have returned from a vacation trip to Florida.

Mr. and Mrs. Russell Reichenbach and Joan were Sunday guests of her mother, Mrs. Pearl Swenningson of Salem.

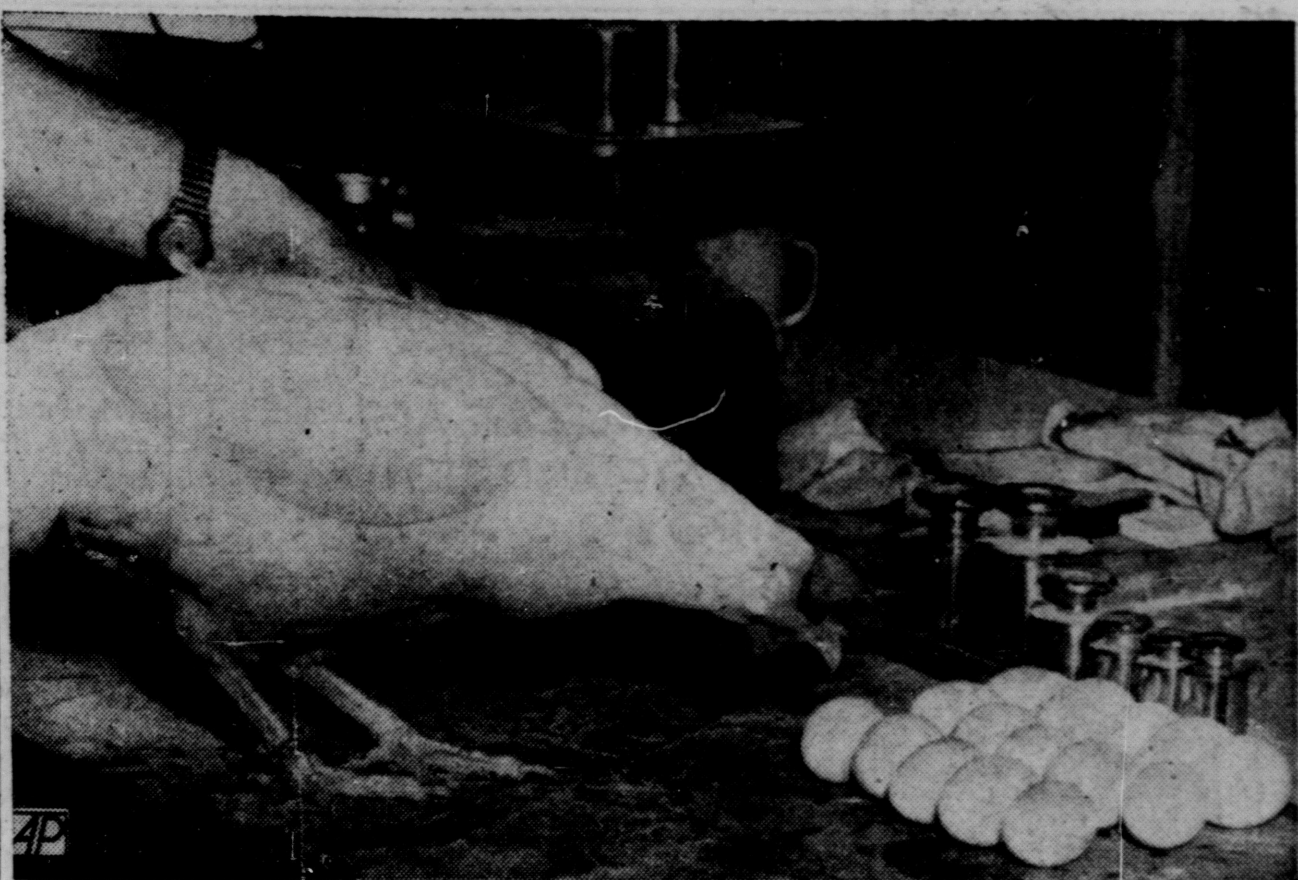

Mr. and Mrs. J. F. Suiter of Lake Placidia have returned from two weeks vacation at Saranac Lake, N. Y.

Mr. and Mrs. Lloyd Hardgrove of Galion were recent guests of Mr. and Mrs. Chester Mercer.

MONSIGNOR SUCCUMBS

CLEVELAND (AP)—Msgr. Joseph M. Stucki, who planned to mark his 40th year of priesthood this year, died of a heart ailment Monday in the rectory of St. Hyacinth's Catholic Church where he had been pastor since 1920.

Following his ordination in 1917 he was assistant pastor at Immaculate Heart of Mary Catholic Church in Akron for a year then pastor of St. Hedwig's Catholic Church in Akron for two years.

I CAN DO BETTER THAN THAT! — Lucy, the two-year-old Leghorn who startled the feathered world last week by laying 17 eggs in five days, looks rather disdainfully at a mere 15 eggs laid out before her at Rutgers University, New Brunswick, N.J. Dr. Paul Sturkie, poultry physiologist, is studying Lucy's feat but as yet Lucy hasn't cooperated—she hasn't produced another egg since her greatest effort. She is from the flock of John DeLaporte of Reaville, N.J.

Good Times Causing Nation's Economic Ills, Officials Say

NEW YORK (AP)—The pains of prosperity can be just as irksome as any other kind. Officials here are laying many of our ills today to the good times.

Top men in the U. S. treasury tell us that prosperity is one of the reasons we have a steadily increasing cost of living, why we have tight credit and dear money and soaring interest rates, one of the reasons we have big government spending and a big federal debt that grows ever more costly to manage.

And the New York police commissioner, looking over the traffic jams in Paris, says that after all they too are among the pains of prosperity. If times weren't so good people would stay home and save their money instead of all going out driving at the same time.

Income at Record High

The thinking behind much of this is the goal of full employment—or, more accurately, a minimum of unemployment. So many people are employed today that the total of personal income is at a record high. This means that consumer spending is at a record high, too. And this has contributed to the business confidence in continuing good times that has sparked the big boom in industrial expansion.

Consumer goods are for the most part in ample supply. Not all capital goods are. The urge of so many corporations to build new plants and equip them with new machinery and tools—and to do all of this right now if not sooner—is what has led to the tight money situation, and the rising price level in the view of the treasury officials.

Full employment, with a scarcity of labor in many of the skilled trades, has set the stage for the annual increase in the wage scales.

Tie the business expansion boom to a tight labor market and you get the demand and supply situation that keeps prices rising. As long as employment is so high and the total of personal incomes so high there will be little real consumer resistance to high prices. And so the spiral goes merrily on.

These are the pains of prosperity.

Economy Can Ward Off Ills

But just as the body in time can fight off many diseases, so can the economy. There are some built-in remedies.

The rush of business to expand

Husbands! Wives!

Get Pep, Vim; Feel Younger

Thousands of couples are weak, worn-out, exhausted because body lacks iron. For new younger feeling after 40, try Oxtrex Tonic Tablets. Contain iron for new pep, vim; plus high-potency dose Vitamin B₁₂. In a single day, Oxtrex supplies as much iron as 16 doz. raw oysters, 4 lbs. of liver, 16 lbs. of beef.

3-day "get-acquainted" size only 69¢. Or get Economy size, save \$1.67. All druggists.

put such a pressure on the investment fund market that credit became tight and interest rates started to climb. As they rise they cut off the ability of first this and then that company or municipality to build a new plant or a new public facility. As the boom levels off some of the pains of prosperity are alleviated.

Also as industries have expanded they have built up greater capacity to produce. A striking example is the aluminum industry which in a very few years has gone from a state of acute shortage to one of abundance and at least temporary over supply. Many other industries are now in the position to produce more than they can market. The resulting competition for sales is the best bet the consumer has that prices won't be boosted out of sight.

TIRE FIRM HIKES PRICES

AKRON, Ohio (AP)—Firestone Tire & Rubber Co. last night put into effect a three per cent increase on prices of "most of" its tires and tubes.

This followed the pattern set last week by Goodyear Tire & Rubber Co. Firestone cited increased operating and material costs, including a recently negotiated 15-cent hourly pay increase for United Rubber Workers unionists.

PREDICTS BIG APPLE CROP

CINCINNATI (AP)—The International Apple Growers' Assn. said Monday its annual study indicates the 1957 American apple crop will be about 15 per cent larger than the average for the past five years.

The report, given at the group's 53rd annual convention, indicated the Canada apple crop would dip about 8 per cent under the five year average.

SIX BOAT OPERATORS CITED

CINCINNATI (AP)—Cincinnati Coast Guard officials have cited six more motor boat operators for alleged violations—mostly lack of safety equipment or failure to have registration numbers. The citations were issued during the second weekend of safety patrol by the Coast Guard on the Ohio River.

TALK ABOUT ECONOMY...

FORDS COST LESS PER MILE!

Fords cost less to buy!

No doubt about it! Model for model, right across the board, Ford cars are the lowest priced* of the low-price three. And don't be fooled by those "low prices" now being quoted for some "stripped down" models in the medium-price field. Remember, a '57 Ford equipped the way most people want a car today—with automatic transmission, heater and radio—costs hundreds of dollars less than these medium-priced cars, similarly equipped.* Any way you look at it, Fords cost less to buy.

*Based on comparison of manufacturers' suggested retail delivered prices

Fords cost less to run!

In the only nationally recognized test of gasoline economy, the 1957 Mobilgas Economy Run, a Ford Six delivered more miles per gallon than any other car entered! This, remember, was no "private test" conducted for the benefit of a single manufacturer. This was grueling competition between 12 different makes of cars, 24 cars in all... supervised every mile of the way by officials of the United States Auto Club. And when the rugged 1568-mile test was over, Ford led all other cars regardless of size, weight or price in the thing you want most—actual miles per gallon!

Fords cost less to trade!

Latest official auction sale figures on used cars show clearly that the new kind of Ford commands a higher price than either of its two low-priced competitors. The men who bid at these auctions are professional buyers—men whose very livelihood depends upon their expert knowledge of cars. They pay more for used Fords because they know that Fords hold up in value. Like thousands of Ford owners from coast to coast, they have discovered that Ford is worth more when you buy it... worth more when you sell it, too!

QUESTION TEST

"This picture looks flat," said a friend of ours the other day. "When I took it there were big clouds in the sky. Where did they go?"

We explained that clouds often do the disappearing act unless you use a simple lens filter. A simple attachment like the Kodak Cloud Filter costs just \$2.69 and brings clouds out sharp every time.

Here are a couple of other comments we've heard recently:

YOU: "The people in my pictures have dark shadows under their eyes. Can I do anything about it next time?"

US: You get those shadows when the sun is directly overhead, so take pictures in the semi-shade or use a flash to even the lighting. (Note: We'll fit your camera for flash is you don't have it. Just bring it in.)

YOU: "Do I need a special film to take color snapshots indoors?"

US: No, not with new Kodacolor film. You can use it outdoors with daylight or indoors with ordinary flashbulbs. Load your camera and keep shooting—with the same film.

Maybe you have a question or two. Bring 'em in and we will be delighted to answer them for you.

Diplomatic Gamble

Political snipers who picked off a businessman named Maxwell H. Gluck as a dubious choice to be U.S. ambassador to Ceylon hit more than Mr. Gluck when they revealed his ignorance of Asian affairs in a Senate hearing.

They scored on the whole problem of filling government appointive posts — a problem that President Eisenhower says is becoming harder to solve.

There are not enough professional diplomatic careerists to go around, just as there are not enough professional bureaucrats to satisfy the demand. Even if there were, it would be dangerous public policy to turn over the government entirely to men and women who make a career of living on public payrolls.

The slack is taken up by private citizens who have the means and inclination to perform public service on a temporary basis. Mr. Gluck was in this category. He could afford to be a diplomatic representative; the job does not pay well. And he wanted to do something for the government.

He will have his chance. He may be a bargain, or he may be a flop. But it will not be the first diplomatic gamble an administration has risked. The snipers who tried to wing him before he got off the ground have forgotten that Democratic administrations have played longer shots than a businessman named Gluck. In 1950, William O'Dwyer, who had resigned as mayor of New York under questionable circumstances, was appointed ambassador to Mexico. The country gasped. But O'Dwyer proved to be a first-rate diplomat. He was one of the best citizens who had been given a shot at diplomacy since Dwight W. Morrow, the J. P. Morgan and Co. partner, was sent to Mexico City in 1927. Or since Chester Bowles was sent to India in 1951. Or since Clare Boothe Luce was sent to Italy in 1953. They learned fast.

Who Hates Inflation?

This is not going to labor the point that a good word can put a good face on a bad situation and vice versa. The point needs no laboring.

It is enough to point out that inflation still is a better word than deflation and using it to put a bad light on what is happening to prices is likely to cause confusion.

Americans are in love with inflation and hope nothing will interfere with their infatuation. What they dislike is rising prices.

The obverse truth is that they are scared stiff about deflation and hope they never will have to deal with it, especially if they dealt with it in the '40s. Yet, they think they would like falling prices.

If you look at statistics and take them to heart, the '30s then must have been the golden years because the consumer price index in 1933 — the same one that now gives consumers fits because it is going higher every month — was only 45 per cent of what it is today. Prices had fallen through the bottom.

A dollar, on the other hand, now is worth only 46 per cent of what it was then. But of course those were not the golden years by the wildest stretch of imagination, because very few people had dollars and those who did have them did not have very many. That was what it was like when the cost of living was low and the value of the dollar was high.

No one wants to go through deflation again, despite outcries about the ever-rising cost of living and the ever-shrinking purchasing power of the dollar.

Parkinson's Law

The Reporter, which ranges far and wide in its coverage of the American scene, has given its readers a priceless secret in the Aug. 8 edition — Parkinson's Law.

The author, C. Northcote Parkinson, says it is the law that explains why bureaucrats multiply. The law, itself, is brief: Work expands so as to fill the time available for its completion.

As applied to bureaucrats, the law gives rise to two axioms:

1. An official multiplies his subordinates, not his rivals;

2. Officials make work for one another.

Thus, Bureaucrat A claims he is overworked and needs help. But because he wants to multiply subordinates, not rivals, he insists on having two employees, instead of one assistant. He insists on two, because if he had only one he would be grooming a possible successor.

Subsequently, his subordinates become overworked, not because there is too much work to do but because they have expanded their work to fill the time they have to do it in. In this way, bureaucrats keep themselves busy — and overworked — making work for one another, shuffling papers, filling out forms, setting problems that arise among them.

Aside from bureaucracy, Parkinson's law explains how any one of us can piddle away half a day doing a trifling job that would have required only a half hour if we did not have half a day to piddle away. Or as the proverb sums it up: If you want to get something done in a hurry, ask a busy man to do it.

Civil Rights Bill

By DAVID LAWRENCE

Measure Is Step in Right Direction

All the talk about the Senate's "civil rights" bill being "weak," and as likely to be rejected by the House or possibly vetoed at the

White House seems to have been largely the result of emotional pique or hasty judgment.

For if the House now accepted the measure — even without any changes — it would represent the biggest single victory in nearly a century for the proponents of a so-called "right to vote" bill.

It could, on the other hand, prove virtually the last chance to get such a bill into law. For opposition to the attempt to coerce the states in their handling of local problems in mounting everywhere.

It is becoming apparent also to some of the labor union strategists that "civil rights" legislation can become a two-edged sword and legally inhibit many of the previous practices of labor unions.

It can, for instance, add momentum to the crusade in behalf of "right to work" laws so vigorously fought by the unions because it would break up their monopoly.

For the right to keep a job without joining a union is as much entitled to the protection of the Constitution as is the right to vote.

THERE IS one feature of the pending Senate bill, moreover, which transcends everything else in advantages to its sponsors.

It is really worth more than a victory in the technical squabble over whether jury trials should or should not be granted in criminal contempt cases. It is to be found in the section of the bill which provides for the establishment of a national commission on civil rights with the power of "pitiless publicity."

If the cause of the proponents is what they say it is, and, if by subterfuge citizens of any race who are really eligible to vote are being prevented from doing so on a large scale, the open hearings of the national commission over a period of only a couple years would build up such a public opinion as would quickly bring about a legislative remedy of some kind.

The so-called "liberals" of the North have more to gain than lose by getting the House to approve a bill that the Senate will not filibuster against but will accept now.

The reported plan of House leaders to drop the measure at this session and try again next January is a piece of mistaken judgment which they some day will regret.

For education on the trial-by-jury issue is increasing throughout the

country, and the next bill may extend even further the scope of jury trials in "criminal contempt" cases.

There is no logical reason, for example, why juries should be limited merely to questions of fact in contempt cases when there are vital questions of law as well to be decided.

ALSO, TO ARGUE, as some of the critics are doing, that the language of the Senate bill invades the anti-trust field, is to concede that, in the highly complicated matters of economic strife, a businessman can be sent to jail without a trial by jury for a technical violation of an injunction.

Businessmen, when the issue is fully explained, will protest that they are citizens too and deserving of the benefits of the so-called "civil rights" legislation.

Labor Gaining In California

By RAYMOND MOLEY

SANTA BARBARA Superficially, the state of California looks like a Republican stronghold.

Its Republican leadership has been resplendent and successful. Republicans have occupied the governorship for 15 years.

One of its sons is vice president; another is chief justice of the United States and another is the Republican leader in the Senate.

Republicans occupy 17 of the 30 seats in the House of Representatives.

National attention is riveted upon the rival ambitions of its favorite sons.

Everybody wants to know whether California will prefer Nixon or Knowland for its pitch for the presidential nomination in 1960 and whether Knowland will seek to unseat Gov. Knight next year.

A DEMOCRATIC congressman has suggested Chief Justice Warren for the Democratic nomination for President in 1960.

But something more important than the fortunes of these individuals is developing here in California.

And a few shrewd political leaders in the labor movement like Walter Reuther are very much concerned with it.

Presidents, and vice presidents, and governors, and senators may come and go, but when a powerful political machine establishes itself in a state, it controls affairs for a long, long time.

The AFL-CIO Committee on Political Education is just that sort of machine.

In 1956 COPE put in some licks toward defeating Republican Sen. Kuchel but its real aim was in another direction. It practically ignored its hapless preference for president, Adlai Stevenson. But it went deeply into the various campaigns for seats in the U.S. House of Representatives and the California State Legislature. It was playing for the long pull.

REUTHER AND COMPANY are not interested in superficialities. They are interested in turning California into another Michigan. That is, another state in which the name Democratic is used as a convenient cover for COPE.

A state like Michigan, in which

all the statewide offices, a good part of the legislature, one U.S. senator, and a number of congressmen are indebted to the Reuther machine for their jobs. Or a state like Oregon, which is almost as completely Copeized as Michigan.

The invasion of the political arms of the unions has been going on in California for some time. In 1948, when President Truman carried the state, 59 per cent of the vote for members of the House of Representatives were Republican.

But things were happening in the districts in the four years that followed and despite the Eisenhower sweep of the state in 1952 the Republican vote for congressmen was cut to 54 per cent.

Then there followed four more years of work by the CIO-PAC,

and by its successor, COPE.

DESPITE THE ROUT of Stevenson by Eisenhower in 1956, the Republican vote for congressmen dropped to 46 per cent.

That is a drop of 13 per cent in Republican strength in a period of unprecedented prosperity and of Republican presidential voting and with a Californian running for vice president.

Meanwhile, Democrats backed by the unions have replaced Republicans in two districts and have made the margin mighty close in hitherto Republican strongholds.

The trend seems to be to reduce safe Republican seats to marginal seats, and Republican marginal seats to Democratic seats and to turn marginal Democratic seats to safe Democratic seats.

Highway Planning Upset

By KENNETH SCHEIBEL

WASHINGTON A 40 per cent increase in construction costs for the nation's new 41,000-mile highway — building program looms as a major worry for federal planners.

It may mean curtailment of part of the badly needed road program unless new financing is arranged.

"Congress is going to blow its own roof off next year when it gets the news," a highway expert said today. "I hope I'm not around for the fall-out."

What started out as a projected 5 1/2 billion dollar program to expand sharply federal-state highways over 13 years probably will end up as a much more expensive proposition, thanks to inflation and poor planning.

THE ESTIMATED increases in costs are unofficial as yet. The Bureau of Public Roads early next year must report to Congress. It probably will report the "higher-than-expected" costs officially then.

Inflation hits some states harder than others in the new highway program. The costs increase range from a reported 19 per cent boost in Massachusetts to 204 per cent in Nevada.

The gloomy report on higher costs follows a cheery message to Congress earlier this year from Secretary of Commerce Sinclair Weeks.

He reported "extraordinary progress" in the launching of the program enacted into law in June, 1956. He made no mention of cost difficulties then.

The new program calls for states to spend \$5,300,000,000 a year for federal expenditures of 25 billion dollars on a 41,000-mile interstate system from 1957 to 1968. It also provides for an increase in funds for other federal — aid highways for the next three years.

AS MOST CAR OWNERS know by now, financing is by higher federal taxes on gasoline, diesel fuel, tires, trucks, buses, truck — trailers, a new tax on retread rubber and a new special tax on vehicles weighing over 26,000 pounds.

These became effective July 1, 1956. They may be due for increases to meet higher costs.

The National Highway Users Conference reports that states are making varying progress in getting started.

One year after the program got under way 24 states advertised for contracts and obligated all their funds set aside for fiscal 1957 and part of the funds earmarked for 1958.

For the U.S., a total of 14 per

cent of fiscal 1958 funds has been advertised for contract.

The total of funds obligated as of June 30 was \$1,729,670,046. The federal share amounts to \$1,383,113,286.

The conference says \$732,276,147 was obligated for preliminary engineering and right-of-way acquisition authorized, while construction contracts advertised totaled \$997,395,799. This covered a total of 1,877.9 miles.

WHAT ARE the alternatives in the present situation in which higher costs threaten to upset plans?

The first is that Congress could raise the taxes now in effect. Congressmen probably would be reluctant to do that in 1958 — when they hope to lower some taxes, if possible.

The second is that highway standards could be lowered — to decrease costs by lowering quality. This is not a happy prospect either.

The third is that a system of priorities could be set up with most needed portions of the highways constructed first.

The fourth is that the 13-year program could be stretched out even longer to ease the cost situation.

None of the alternatives is too attractive to highway officials. That is why they are worrying.

Ham And The Frankfurter

"The American frankfurter and roll appeared for the first time today on the Buckingham Palace lawn at a gathering of the American Bar Association." — News item.

This marks another forward stride by democracy. If the Bar Association convention in England does nothing more, it has accomplished much by this one incident.

No details of the epochal event have been received but our special European frankfurter and roll correspondent, Howe I. Burp, indicates in a code dispatch that the lawyers to a man stood shoulder to shoulder as defenders of the hot-dog, even in the domains of royalty and that the several justices of the U.S. Supreme Court on the British trip joined them, without a dissent, although Chief Justice Warren reportedly held that no man should be forced to order one or profess allegiance to it unless given the constitutional guarantee of a choice between mustard and chopped pickles.

THERE IS NOTHING to the rumor the high court jurists ruled that a frankfurter manufacturer was within his rights if he declined to answer the question, "What do you put into a frankfurter?" and that no senate had the right to question him unless the frankfurter producer was first told the purpose of the inquiry.

The story that an associate justice declared that if the FBI had any files on frankfurters and their ingredients these files must be opened to the defense counsel.

BE THIS AS IT MAY, we think the hot dog is a definite influence for better international understandings and that American-British relations may have been advanced by its introduction to Buckingham Palace circles.

It is entirely possible that the all-hot is a powerful force for peace, unless it has too much garlic in the meat.

Certainly the "dog" has played a big part in the life of America, marching forward through history and progress with the hamburger, pork and beans, ham and eggs, the jumbo peanut and packaged popcorn.

In America it is identified with the ways of peace, happy relationships and good fun. It has never played much of a part in Army and Navy menus. (Name any great general or war lord who has been much of a hot-dog man.)

YOU HAVE NEVER KNOWN of a diplomat who went for the frankfurter and roll and never seen one pictured ordering, consuming or even tederly regarding one.

They just don't go with striped pants, secret sessions, fateful negotiations and extreme stuffiness.

A hot-dog stand at the United Nations or at "summit conferences" could easily be a great leveler, pacifier and influence for amity.

In this democracy it has taken its place with the covered wagon, the coonskin hat, bear meat potpies, buckwheat cakes, the old oaken bucket and good neighborliness.

It is time kings, queens, emperors and dictators felt its influence.

In Brooklyn, New York, a public library was closed by the city because vandalism by juvenile hoodlums had gone too far. . . Can you remember when no police force anywhere would admit the kids had 'em licked?

Wives' Behavior

By HAL BOYLE

NEW YORK (U)—One of the sub-prowling insomniacs. Each husband testified that, scores of times in his marital career, he had awakened to find his better half padding around the premises all alone.

What do the wives do after they get up? Here are a few replies the husbands made:

"My wife stares down at me, mutters, 'How can you sleep so peacefully, you big oaf?' and then goes into the living room, curls up on the sofa and watches the late show."

"Mine goes to the bathroom, and washes her hair."

"Mine just goes to the bathroom."

The question then arose as to why the average wife can't sleep eight hours without getting up to make at least one midnight or pre-dawn patrol of the house. All

the husbands agreed it wasn't because of illness.

"My wife says it's because there was too much garlic in the salad," said one.

"My wife just says she's restless," observed another and several husbands remarked their wives had made the same excuse.

"You know why I think they can't sleep at night?" offered one young hen-pecked husband. "It's because their conscience is bothering them—for all the mean things they said to us the day before."

"Nonsense!" broke in a time-worn old husband, wise in the ways of wives.

"It isn't insomnia—and it isn't their conscience. Did you ever stay home and watch how wives operate? They work half an hour, then flop on a couch and nap for 15 minutes."

"Then they get up and go to the grocery store, and come home and nap for 15 minutes. Then they get up and dust the furniture for half an hour, then flop on the couch for another quarter hour of shut-eye. So it goes all day long."

"By nightfall they've put in a

12-hour day, all right, just like they brag. But one third of the time—four full hours—they spend taking naps. No wonder they complain they can't sleep at night, and get up and prowl the house."

German Democracy

By VICTOR RIESEL

VICTOR RIESEL is in Europe, analyzing developments in the Russian purge, talking to labor leaders and interviewing heads of government.

BERLIN

This is no fool's paradise. Operatives of 9 espionage and counter-espionage units slither in and out of this city's shattered streets. Both sides know what's happening almost every minute in the other's sector.

From the corroborated files of units in the Western sector stalks a grim specter of intensified anti-Semitism in the Soviet areas since the recent purge.

"Over there," Soviet occupation officials always have been anti-Semitic, as has Nikita Khrushchev. There is an "incident"—never before reported—which reveals the kind of state the Russians are building in their zones.

Some time ago there were anti-Semitic riots and brutal programs in Poland. Some 3,000 Polish Jews fled to Berlin. More than 2,000 were made welcome in the democratic Western sector and flown out to the German Federal Republic. More than 1,000 tried to stay with friends and relatives in the Russian sector of the city.

THE SOVIET command summoned the leader of the Jewish community in the Red sector. There is a record of this conversation. The Red official told the Jewish leader to tell the 1,000 refugees from Poland to get out of East Berlin. They had to flee again.

Contrasted with the renewed anti-Semitism in all Soviet territories is Germany's new democracy. I heard of it from Chancellor Adenauer. I heard of it from Germany's new generals.

I also heard of it from Karl Marx—not the bearded fellow who started all the trouble but my good friend, Karl Marx of Dusseldorf, leader of the Jewish community in that industrial capital of the Ruhr, and editor of the "Allgemeine Wochenzeitung der Juden in Deutschland." This is the general weekly of the Jews in Germany.

Mr. Marx and I talked privately in his home. The Jews are beginning to return to Germany, he told me, substantiating what I had been told in Bonn by Werner Miedemann, head of the Ministry for Expellees, Refugees and War Victims.

MORE THAN 5,000 Jewish folk returned to the German Federal Republic last year. Two years ago the returning wanderers averaged 56 years of age. Now the younger people are returning and Herr Marx put their typical age at 45.

In all of Germany today there are 45,000 living peacefully, going into the professions and even beginning to take their place in the Army.

Here in Berlin there are 4,500; in Munich, 2,000; in Frankfurt about 1,000; Hamburg, almost 1,500; Cologne, just over 1,000; Dusseldorf, about 700 and Stuttgart more than 500. The rest are spread throughout the land.

There is more than the freedom of the Jews and the aid given them by the Republic which attests to deep striving to create a democratic state.

From Gen. Ulrich de Maiziere, head of the new army's G-3, the Joint Command, I learned that no man need yield his conscientious objections and be forcibly drafted into the new army, now 100,000 strong.

There is Count Wolf Budissin, who has charge of "inner guidance"—indocination—of the Bundeswehr, the army.

A CULTURED MAN, given to molding modern pottery as a hobby, the count explained efforts to make certain that the future German soldier would be a good fighting man but a man fighting for positive democracy.

I asked how they could assure the world of this. The count told me of the Army School for Democracy in Koblenz. There, every three months, 100 officers are trained in democracy. Every battalion commander must go through it. Mostly captains, majors and lieut. colonels, they are lectured to by university professors, labor leaders, parliamentarians and authorities on Jewish culture who pull no punches on the brutality of the old Wehrmacht and its anti-Semitism.

Elder-McCurdy Marriage Is Event At Columbiana

Miss Anna Jean Elder, daughter of Mr. and Mrs. John C. T. Elder, 173 N. Vine St., Columbiana, and Richard Myers McCurdy, son of Mr. and Mrs. L. G. McCurdy of Kinsman, were married in Columbiana Methodist church at 7:30 p.m. Friday in the presence of the immediate families and friends.

The double ring ceremony was performed by the Rev. A. R. Brown. Assisting was the Rev. B. P. Thompson of the Presbyterian church in Kinsman.

The ceremony was preceded by a half-hour of organ music by Mrs. Robert Cline. Richard Meredith of Kinsman, soloist, sang "O Promise Me," "Always," "Because," "I Love You Truly," and the "Lord's Prayer" while the couple knelt at the altar.

Given in marriage by her father, the bride was dressed in a gown of white dupioni silk with re-embroidered alencon bodice, long tapered pointed sleeves with scoop neckline and full skirt ending in chapel train.

She wore a finger-tip length veil held in place by a crown of seed pearls and sequins and a single strand of pearls, a gift of the groom. She carried a white orchid with stephanotis, white satin

streamers and ivy on a white Bible.

Mrs. Robert T. Elder of Columbiana, sister-in-law of the bride, served as matron of honor. Bridesmaids were Mrs. Anthony Discerni of Warren and Miss Ruth Ann Donatella of Youngstown, classmate of the bride at Trumbull Memorial Hospital School of Nursing in Warren. Flower girl was Alice Beth Sealy of Kinsman, cousin of the bridegroom.

Ramon Meredith of Kinsman was best man. Ushers were Robert T. Elder, brother of the bride, and Robert A. Zilke of Youngstown.

A reception in the church parlor followed the ceremony. The newlyweds left by train for their honeymoon in the Pocono Mountains of Pennsylvania.

The bride is a graduate of Beaver Falls, Pa., High School and is a senior in the Warren school of nursing. Mr. McCurdy is a graduate of Kinsman High School, attended Hiram College and the College of Wooster, and this fall will enter Pittsburgh School of Mortuary Science. They will live in Pittsburgh.

Mr. and Mrs. McCurdy, parents of the bridegroom, were hosts to the wedding party and families at a dinner in Youngstown following a rehearsal Thursday evening.

Feted on Birthday Juveniles of Perry

Lloyd Morrow of 488 Columbia St. was honored Sunday at a surprise birthday party given by his daughter, Mrs. Gerald May at her home on Walnut St.

Gifts were presented to the honoree and a decorated cake inscribed with "Happy Birthday" was served with the picnic dinner held on the lawn.

Attending were Mrs. Morrow, Mr. and Mrs. Frank Shields of Stratton, Mr. and Mrs. Harry Kelly, Mr. and Mrs. Milton Marple, Charles Stahl, all of Salem, and Mr. and Mrs. Mario Sonagere of the Lisbon Road.

To Meet at Park

Keep Him Smiling!

Your Salem News carrier will keep smiling, through heat, cold, wind, rain, snow or come-what-may, IF YOU PAY HIM REGULARLY each week when he calls to collect.

Carriers and their parents, report that the most discouraging part of route work is the collection part. Some people do not seem to realize that carriers must pay for their papers on time each week.

Call backs take time and time is an important element to an active boy.

Please have your 40c ready when your carrier calls this week - end.

who argued justice couldn't be obtained with jury trials were arguing against the whole jury trial system.

Javits said in an interview it "isn't so" that only a few cases have gone the criminal contempt route.

"Ninety per cent of contempt cases are criminal contempt," he said.

O'Mahoney scoffed at administration contentions that the enforcement of antitrust or regulatory commission decisions would be weakened.

"Most of these regulatory laws apply primarily to corporations and corporations are notorious in preferring to have their cases handled by judges and not by juries," he said. "The jury trial provision will strengthen enforcement in these cases."

Sen. Smathers of Florida, who heads the Democratic Senatorial Campaign Committee, said in a letter to constituents he thinks the "self-styled liberals" in Congress don't want any bill passed at this session "in the belief that they will be able to pass a more stringent bill next year."

er, Dio actually controls this local.

Holt even invoked the Fifth Amendment when Chairman McClellan (D-Ark) asked, "Do you care what you are doing—and those like you... trying to obstruct the work of your government in trying to provide better working conditions?"

Kennedy said Holt is under indictment on charges of lying under oath to a grand jury investigating Dio's activities.

Philip Kazansky of Monticello, N.Y., prosperous looking recording secretary of Teamster Local 69, also refused to answer questions about Dio or union affairs.

Both witnesses said their answers might tend to incriminate them.

Another witness, Sam Getlan, swore he never had heard of a Teamsters Union local in New York which had listed him as its president in 1956. Nor, he said, did he cast a vote recorded as having been cast by him in the election of New York Teamsters Joint Council 16.

The local—No. 258—is one of seven the committee has termed ghost or "paper" locals which had officers but no members. It alleges they were created to swell the number of votes for James O'Rourke for president of the council. Each local had seven votes regardless of its size.

O'Rourke was supported by James R. Hoffa, Midwest Teamster boss who is in line to succeed Dave Beck as the Teamsters' international president.

Paul Tierney, a committee investigator, testified that 42 votes were cast by the seven paper locals. He said Beck issued instructions that the 42 ballots should be counted only if necessary to decide the election.

A Civic Day will highlight the Jaycee Youth Week opening Aug. 18, Junior Chamber of Commerce Youth Week Director Walter Taylor announced today.

On Sunday, Aug. 18, the various churches in Salem will hold special services for their young people.

Civic Day will be observed Tuesday when each public office will be filled for the day by a Salem young person who will conduct the duties of that office. These "officials" will soon be chosen and notified by the youth week committee which is composed of Walter Schnurrenberger, chairman; Kenneth Smith, Paul Mohr, Richard Conway and Gene Dean.

An outdoor dance will be held from 8 to 11 p.m. Wednesday at Centennial Park at the basketball court. The music will be provided by Johnny Chick and is orchestra with the cooperation of the local musicians union. There also will be square dancing with Don Stelts calling. No admission charge will be made.

A Grand Ball with music by the Keith Riffle Orchestra will be held from 9 to 12 p.m. Friday at the Masonic Temple. There will be no admission charge.

The final event of the week will be a car caravan to Cleveland to see a Saturday baseball game between the Cleveland Indians and the New York Yankees. The caravan is scheduled to leave from the Memorial Building at 10 a.m. that day. Anyone wishing to take a car load of youngsters to the game should notify Walter Taylor.

Any young person who wishes to make the trip may secure from the Daniel Smith Jewelry Store at 223 E. State St. a permission slip, which must be signed by his parents and returned to the store.

She's still not happy about them.

\$175 a month effective Aug. 19.

It was voted to grant Herbert W. Jones \$40 a month for supervising auditorium stage—lighting equipment, sound equipment and movie machines.

Five students completed summer requirements for 1957 diplomas and were voted to receive diplomas. They were Shirley Capel, Donna Davis, James DeJane, Patricia Elliott and Mary Leone.

Enrollment in Salem schools in 1957 totaled 3,284 as compared to the 3,198 in 1956, Supt. Kerr reported.

Kindergarten enrollment rose to 115 from 246 while grades 1-8 dropped from 2,062 to 2,041. High school enrollment rose from 890 to 926. Pupils transported rose from 452 to 505.

The board will hold its next meeting Sept. 9.

Crews Clear Wreckage Of 41 Freight Cars

NORWALK, Ohio (AP)—The Baltimore & Ohio Railroad's main east-west line was reopened early today after a pileup of 41 New York Central freight cars had blocked the double-track main line for more than 20 hours.

Wreckage was still being cleared from the New York Central's big four division tracks at the intersection of the two lines of Greenwich.

The NYC dispatcher in Cleveland said one track of the Cleveland-Cincinnati line was expected to be cleared this morning.

Both railroads rerouted trains over tracks of the Akron, Canton and Youngstown railroad while wrecking crews were clearing their lines.

Serviceman Fined In Hanover Court

HANOVERTON—Robert Norton, 29, an Air Force serviceman stationed in Youngstown, was fined \$25 and given a 10-day jail sentence for destroying public property and \$10 for reckless operation Monday by Knox Township Justice of the Peace R. E. Iden.

Norton was turned over to military authorities after being apprehended Sunday by Richard Beamer, Carroll County sheriff. Forster Young, Franklin Township constable, assisted in the arrest. Norton had been found guilty of destroying private property belonging to Mrs. Catherine Draper in Hanover.

Two East Liverpool teen agers are scheduled to appear with their parents before Probate Judge Louis Tobin Thursday. The boys were apprehended Monday by Hanover Constable Roy Painter after they reportedly had driven their motor bicycle 95 miles an hour between Lisbon and Hanover.

Envoy Reassures Cuba of U.S. Part

HAVANA (AP)—U. S. Ambassador Earl E. T. Smith called at the Foreign Ministry Monday in an effort to smooth official feelings ruffled by his criticism of police action in Santiago.

A ministry spokesman said Smith had reassured Minister of State Gonzalo Guell that the United States "will not intervene politically" in Cuban affairs.

Smith drew sharp words from Cuban newspapers and officials last week for his criticism of the dousing with fire hoses of a women's antigovernment rally. The rally was staged while Smith was visiting Santiago.

The State Department subsequently called for a full report from Smith of the incident.

Candidates Rush to Beat Deadline

Candidates continued to rush the County Election Board today to file petitions for nonpartisan village, township and school district posts before the deadline Wednesday at 4 p.m.

With 26 more candidates filing Monday, the number seeking nonpartisan offices at the Nov. 5 general election rose to 148, Clerk Frank R. O'Hanlon said.

Included in the list of those filing yesterday were two more candidates for county court judge posts along with slates from Summitville and Washingtonville.

More petitions are expected to be received today since no candidates have entered for New Waterford village offices, only one for Rogers and one for Hanoverton.

R. E. Iden of Homeworth and Luther Donbar of Columbiana became the new candidates for county court judgeships which will replace the justice of the peace system.

It boosted to seven the number seeking the three minor judiciary posts. Those who filed earlier included Wade A. Loop and William G. Rich Jr., both of Salem, Earl Spalding of East Palestine, Charles R. Donaldson of Wellsville and John C. Fitch of Lisbon.

Robert L. Scullion filed for mayor of Washingtonville to oppose Lloyd Culler, who filed earlier.

The other Washingtonville candidates included Ellsworth J. Savage, Robert Waggle, Edward M. Davis and George Boston for village council and Charles L. Hinchliffe and Howard Stouffer for trustee of public affairs.

The Summitville candidates included Marjorie C. Roberts for clerk and Ernest Phillips, Mabel H. Bateman, Robert L. Carter, Howard P. Speirs, Joan Meiser and Paul B. Dowdell for council.

Other candidates filing yesterday were James E. Baumgartner for Liverpool Township trustee; John W. Jackson, St. Clair Township constable; John G. Stewart, Yellow Creek local board of education; Charles R. Snyder, Madison Township trustee.

George H. Wilson, Hanoverton council; Elmer W. Brutto and Donald A. Waffler, township constable; Robert H. Meiser, Franklin Local Board of Education; James P. Allmon, Hanover Township constable, and John A. Driscoll, Salem Township constable.

Youths Beat Up Two 'Tough Guy' Actors

NEW YORK (AP)—Two teen-age brothers who have appeared in "tough guy" roles in television dramas were beaten up by two youths in a park in upper Manhattan Monday.

Police gave this account: A half dozen youths confronted Dennis Mahoney, 16, and Patrick, 14, as they were walking in Highbridge Park.

One of the group stepped forward and said to the brothers: "You guys are supposed to be tough guys, aren't you? Well, let's see you prove it."

Two of the group then punched and kicked the brothers, who fled. The Mahoney boys' parents took them to Jewish Memorial Hospital.

Dennis was kept at the hospital for treatment of a brain concussion. His condition was reported satisfactory today. Patrick was treated for a bruise over his right eye and sent home.

The brothers identified their assailants. Detectives arrested two 16-year-old boys, John Matthews and Thomas P. Ryan, and charged them with assault.

width of resurfacing State S. from Lincoln Ave. to Vine St.

The state ordinance, which goes before City Council tonight, stipulates that parking shall be prohibited on the following streets: North side of W. State St. from Howard to the corporation limits, both sides of W. State St. from Ellsworth Ave. to Howard and on both sides of Mill St. from Newgarden to the railroad.

Council is expected to give consideration to the ordinance tonight at its regular meeting.

The measure could be passed at one session under suspension of rules but because President Curtis Vaughan and Councilman Herman Kniseley are on vacation the two special meetings Wednesday and Thursday are needed.

On July 23 Council had passed an ordinance at the third of three special meetings agreeing to contribute \$21,700 toward the original cost of \$58,500 to have the streets resurfaced. The county simultaneously agreed to contribute \$5,000 toward the State St. resurfacing and \$2,500 for Mill and Newgarden Streets.

Wanted Parking Banned

The state then July 31 disclosed they were not going along with the above-mentioned program unless parking was permanently prohibited from all the streets. They said if parking wasn't removed, they would go only 50 per cent of what is considered the roadway portion of the streets and that the city would assume the full cost of the additional eight feet.

Following the state's move, Mayor Crammer and councilmen voiced their protest saying no word of

this had been mentioned in the previous dealings with the state highway department and that they didn't think the state's decision was fair.

The state had made a similar demand on parking when downtown State Street was paved with concrete three years ago but the state relented when the city agreed to widen that three-block section two feet on each side. The cost of widening, however, was borne by the city.

Then on July 31, Mayor Crammer said the state was going to present the city with new legislation for the resurfacing. Their proposal of the project costing \$13,000 is their alternative.

Council had adopted a resolution June 18 to have State St. repaved and on July 2 at a special meeting passed another resolution for the resurfacing of Mill and Newgarden Streets.

Oct. 15 is the state deadline for black-topping work.

Bliss Scores 2-1 Victory Over Marvels In 10 Innings

Eljer Defeated 8-7 by Furnace

Kekel Smacks Home Run in 10th Inning

Bliss nipped Marvels 2-1 in 10 innings. Electric Furnace edged Eljer in an upset victory 8-7, and the Demings Jets defeated Lincoln Machine 4-1. Chappell's forfeited game in another scheduled game, in city league competition played at Kelley Park Monday night.

Bliss topped Marvels after both teams played shutout ball for nine innings. The losers tallied their lone marker in the top half of the tenth, as Dan Rayniak reached base safely on an error.

Vic Lake singled, Rayniak scoring. Bliss, however, stormed back in their half of the 10th for two runs on Perkins hit, which was followed by Kekel's home run. Kysler pitched six-hit ball for the winners, while Bill Ehrhart of the losers gave up eight hits.

The Furnace team rallied for five runs in the bottom half of the fifth frame to pull ahead of Eljer to stay. After Pitcher Henry Miller of Eljer loaded the bases on a walk and two hit batsmen, two successive errors and a double by Manning accounted for the runs.

The Jets, behind the six-hit, 10-strike out performance of Don Fife, plus mics by the opposition enabled the winners to outlast their opponents.

The Jets won the ball game in the first inning. Rolan singled leading off and two errors, a walk, another error, produced the Jets three runs.

Dodger Franchise Move May Be Decided Today

NEW YORK (AP)—Today could be another "day of decision" for the Brooklyn Dodgers and Los Angeles. The big day was supposed to have been Monday when an engineering firm's estimates on building a new ball park in downtown Brooklyn, plus subsequent neighborhood improvements was made known.

Indians Down New York 7-2

Gene Woodling's Hits Account for 5 Runs

DETROIT — A three-way scramble for fourth place appears to be about all that's left to decide in the final one-third of the American League season.

By winning the only game played in the league Monday, a 7-2 consolation victory in the finale of a five-game series in New York, the Cleveland Indians moved into a virtual tie with Detroit for fourth. And the win moved the Indians out of a tie with the Baltimore Orioles for fifth, or sixth, if you prefer.

Only a half game separates the three teams, and none stands much chance of overtaking second-place Chicago or Boston, which has a 5½-game hold on third.

Of the 50 games the Indians have left, 10 are with the Tigers and seven with Baltimore. With that kind of schedule left, the Tribe will have only itself to blame if Detroit or Baltimore pushes it into the second division.

The Indians open a three-game series with the Tigers tonight and Detroit will be using the league's toughest pitcher, Jim Bunning, 13-3. Don Mossi will hurl for Cleveland.

Gene Woodling's base-loaded single and three-run homer accounted for five Indian runs Monday when the Tribe broke New York's eight-game winning streak. Mike Garcia went all the way and limited the Yankees to nine singles.

Don Larsen, who has yet to beat the Indians, started and lost his fourth against six victories.

The Indians scored what proved to be the winning run in the second inning, Chico Carrasquel's double scored Al Smith. Woodling's single with the bases loaded sent Carrasquel and Hal Naragon home and gave Cleveland a three-run lead.

After singles by Gil McDougald and Tony Kubek in the lower half of the second inning, Larry Raines muffed a slow roller to fill the bases. Larsen singled two runs home before Garcia got Enos Slaughter on a foul and fanned Bill Skowron.

After that Garcia pitched shut-out ball, striking out Mickey Mantle and getting Yogi Berra on a pop fly with the bases filled in the eighth. Again in the ninth with the bases loaded, Berra popped to end the game.

Bobby Avila'd double, which ran his consecutive hitting streak to 18 games, scored another Indians' run in the fourth.

Woodling's 10th homer of the season came after singles by Avila and Raines in the ninth.

Michigan State's Homecoming Day game this fall is with Illinois Oct. 26.

Brooklyn Beats New York 5-2

Willie Mays Collects 4 Hits Including Homer

By The Associated Press With less than eight weeks remaining, that bristling National League pennant race may have a strange windup. The honored home advantage may prove to be like Jonah and the whale—it ain't necessarily so.

St. Louis, in first place by half a game, has more games remaining on the road (29 than at home (22). But the Cards are tops in the league with a 30-18 road mark for a .625 percentage.

Second-place Milwaukee has 25 left at home, 25 left on the road—but it shouldn't matter either way. The Braves are exactly the same at home (31-21) as away.

Brooklyn's third-place Dodgers are best at home with a 31-20 record and play 26 of their remaining 50 at Ebbets Field. But that home bulge is padded with a 16-4 record against the tailenders and the remaining 26 games in Ebbets are split evenly among contenders and the three-team second division.

Cincinnati splits its remaining 50 at home and away, with a 30-22 record at Crosley Field and a 28-24 mark abroad. Philadelphia has 26 remaining at home, 23 away, but the Phillies have been only slightly better in Connie Mack Stadium (28-23) than on the road (29-25).

The Dodgers added to their "get fat" trick against the Little Three with a 5-2 victory over the New York Giants Monday night in the only NL game scheduled. Cleveland ended the New York Yankees' winning streak at eight games with a 7-2 decision in the only American League contest.

The Brooks, now 2½ games out of first, broke a 2-2 tie with a fifth-inning run that scored without a hit, then added two more in the seventh to overcome Willie Mays' one-man show for the Giants. The Dodgers couldn't stop Mays, who had four hits including his 25th homer good for two runs, until they had to.

Mays came up with two out and two on in the ninth. Clem Labine relieved Don Drysdale and nailed Willie on an infield grounder.

Ray Crone lost it, with the Brooks taking the lead as Junior Gilliam walked stole second and moved around on a long fly and Elmer Valo's infield chopper.

Mike Garcia, who hadn't beaten the Yankees since Aug. 3, 1955, got the job done for the Indians with a nine-hitter. He walked six, but left 11 runners on base and was backed up by Gene Woodling's homer and a bases-loaded single that drove in five runs. Don Larsen lost it to remain winless against Cleveland in his career.

The Dodgers, who have six more dates with the Giants in the next 10 days before the next Western invasion, are only 15-16 against the other contenders at home. The Cards are 5-5 at Ebbets, the Braves and Redlegs are both 4-4. And the Phillies hold a 3-2 edge.

While St. Louis appears to hold a road advantage down the stretch, 17 of their remaining 29 games away from home are against contenders, and the Cards have played only .519 ball in Milwaukee, Brooklyn, Cincinnati and Philadelphia. They're 32-23 at home, but only 17-15 against the contenders, who play 12 of the remaining 22 games at Busch Stadium.

Cincinnati is 14-13 against the contenders at home, 14-17 away. Of the 25 games left at home, 17 are against the pennant hopefuls. The Phillies, at their worst against the contenders (13-19 at home, and 14-18 away), are tops in their over-all record against the other clubs (30-11). They have 43 games left, 24 vs contenders.

Grads Tally 6th Straight Basketball Win

The Grads won their sixth straight basketball victory of the summer season by defeating the Esquires, 60-30, and the All Stars beat the N o Names 57-42, in games played at the Centennial Park basketball court Monday night.

The Grads had little trouble in chalking up the win as they rushed to a 18-4 first quarter margin and were never headed thereafter. The halftime score was 34-12, and three-quarter mark was 42-18 in favor of the winners.

Harry Baird and Larry Stoffer paced the winners with 16 points each, while Beard and Fife tallied 10 points apiece for the losers.

Rich Hunter paced the All Stars to their victory as he tallied 16 points. His team led by quarter scores of 16-4, 32-14, and 42-32.

David Hunter paced the losers with 16 points, followed by Ed Yates who tallied 10 markers.

Belgium Beats Italy In Davis Cup Finals

BRUSSELS (AP)—Belgium's Davis Cup tennis team was making plans today for a December trip to Australia after unexpectedly winning the European zone finals over Italy.

Philippe Washer produced the surprise Monday when he rallied to defeat Italy's Nicola Pietrangeli, 6-4, 3-6, 6-8, 7-5, 6-2 in the completion of a match suspended by darkness Sunday evening.

The U.S.-Philippines winner will play Belgium for the right to challenge Australia for the trophy.

Turley Leads In AL Earned Run Averages

NEW YORK (AP)—Southpaw Johnny Podres of the Brooklyn Dodgers, the majors' shutout king, and righthander Bob Turley of the New York Yankees show the best earned run averages among big league pitchers at the season's two-thirds mark.

Figures compiled by the Associated Press Statistical Bureau reveal that Podres leads the National League with an earned run average of 2.57. He has given up 36 earned tallies in 126 innings while winning nine games and losing four. Podres has pitched five shutouts.

Turley, who has a 7-3 record, has the leading American League ERA of 2.25. Bob has yielded only 25 tainted runs in 100 frames. This represents a big improvement over last season when he finished with a 5.05 ERA.

Turley had three shutouts to his credit.

The Yankees dominate the American League competition. Behind Turley come Bobby Shantz and Art Ditmar, both acquired from Kansas City last winter and both showing ERA's of 2.45. Shantz, who has a 9-3 record, has worked 25 frames and Ditmar, who is 8-1, 103 innings.

Jim Bunning, a 13-game winner for Detroit, is fourth with an earned run slate of 2.51. He's followed by Billy Pierce of the Chicago White Sox with 2.52 and Frank Sullivan of Boston, 2.83.

Sam Jones of the St. Louis Cardinals is runnerup to Podres in the National League. Jones has permitted 37 earned runs in 120 innings for a 2.78 ERA. He has won nine games and dropped four and pitched shutouts against Philadelphia and New York.

Bob Buhl, who has won 14 games for Milwaukee, is third in earned run average with 2.94. He has allowed 53 earned runs in 162 innings. Bob also has a pair of shutouts.

To qualify for the earned run championship, a pitcher must work a minimum of 154 innings.

Legion Tourney In 2nd Round

Cincinnati Matched Against Bridgeport

COLUMBUS, Ohio (AP)—Defending champion Cincinnati Bentley Post goes against once beaten Bridgeport Post 227 in today's second round of the 6th annual American Legion Junior Baseball tournament.

The double elimination tournament is being played at Ohio State University. The Cincinnati-Bridgeport game is scheduled for 12:30 p. m.

Three curtain raisers at 9 a. m. pair off six once-beaten teams thus assuring elimination of three from the tournament. Cleveland Transit Post will go against Columbus Post 82, while Newark Post 85 takes on Portsmouth Post 23 and East Liverpool Post 374 faces Akron Post 209.

At 1 p. m. Bryan Post 284 meets Warren Post 278 while Elyria Post 12 plays Springfield Post 6. All four teams are unbeaten.

At 4 p. m. unbeaten Celina Post 210 goes against unbeaten Lancaster Post 11 in the nightcap.

In Monday's opening round games, Springfield defeated East Liverpool, 10-3; Elyria rolled over Portsmouth, 15-3; Celina won over Akron, 7-2; Lancaster defeated Bridgeport, 13-7; morning games saw Cincinnati triumph over Cleveland, 15-0; Warren win over Newark, 3-1 and Bryan belt Columbus, 16-2.

Springfield took the measure of East Liverpool pitchers David Hornick and Gerald Reynolds garnering a total of 12 hits. The winners got two runs in the first, one in the fifth and another in the seventh before exploding for six runs on three hits and five errors in the eighth. East Liverpool bunched all its runs in the fourth.

Elyria pushed across four runs in the first and four in the fifth before capping its runaway performance with seven in the ninth. Celina righthander Dave Quilling went the distance giving up only two runs on six hits. Both Akron runs came in the fifth. Celina tallied its runs on six hits in the first, second, seventh and eighth.

Lancaster scored two runs in the second to take an early lead only to see Bridgeport bounce back into a commanding 7-2 position on one run in the second, four in the third and two in the fourth. Lancaster rallied for two runs in the fifth and then knocked starter Bob Heckman out of the box with a three-run seventh. The winners scored two more runs in the eighth and tallied four times in the ninth.

While they waited for practice rounds on the Tam O'Shanter course where the battle for a \$50,000 first prize and \$50,000 exhibition tour contract begins a 7-hole grind Thursday, talk centered on Gene Littler.

Littler's course record-matching 63 Monday all but rubbed out the fact that Roberto de Vicenzo won the All American title.

It was Littler's last-round effort that drew the applause, and not De Vicenzo's final 70 which gave the hefty Argentine, now a club pro in Mexico City, a 72-hole tally of 273 — 15 under par — and the \$3,500 first prize.

Littler's final round, equalling Lloyd Mangrum's mark set in 1948, ballooned him to second place with 277, worth \$2,300.

Sam Snead was third with 278. Then followed Paul Harney with 279 and Art Wall Jr., Dow Finsterwald, Fred Hawkins and Bob Rosburg at 281.

Littler would have won a \$10,000 prize for breaking the tourney mark if he eagled the last hole. Probably with thoughts of Lew Worsham's feat of 1953, when he eagled the 18th to win the "World" crown with the last shot in the field, Littler pulled out a wedge. He was 120 yards away. The shot was near perfect. It hit in front of the pin and skidded to a stop 2½ feet beyond. He was down with a birdie 3.

"But where I really lost the record was on the sixth hole," said Littler, who has won the Tournament of Champions in Las Vegas three years in a row. "On the 445-yard sixth hole, a wedge shot hit the pin and stopped eight inches away. I got a par 4, but if the pin had been out, I'd have gone in."

The Other All American winners:

Men's amateur — Crooner Don Cherry with 295 for a one-stroke margin over Howard Everett, Northfield, N.J., salesman.

Women's pro—Patty Berg for the fifth time with 302, a two-stroke edge over Jackie Pung in winning the \$1,500 top prize.

Women amateurs — Clifford Ann Creed, 18-year-old Opelousas, La., player with 330 for a 12-stroke bulge over Lois Drake of Chicago and Sandra Clifford, Mexico City.

4 of Nation's Best to Lead Attack

College All-Stars Will Have No Shortage of Quarterbacks

CHICAGO (AP) — There'll be no shortage of quarterback talent with the College All Stars this year.

Coach Curly Lambeau, with a vivid recollection of what happened when the Stars were dumped by Cleveland, 26-0, last year, has four of the nation's best quarterbacks ready for the New York Giants Friday night at Soldier Field.

Prepared to lead the All Star attack are Paul Hornung of Notre Dame, John Brodie of Stanford, Len Dawson of Purdue and Jim Harris who directed Oklahoma to the national, collegiate title.

Last year the Stars started fast with All America Earl Morrall of Michigan State at quarterback. Morrall had the collegians marching towards the Cleveland goal when he was injured and taken out of the game.

After that, the Stars were unable to put together a serious offensive threat and Cleveland coasted to victory.

Two years ago when the Stars defeated Cleveland, 30-27, it was largely the leadership of quarterback Ralph Guglielmi of Notre Dame which inspired the triumph.

If the Stars are to beat the Giants—current 10-point favorites—either Hornung, Dawson, Brodie or Harris will have to turn in a professional job.

All but Harris were first choice picks in the National Football League draft. Hornung was Green Bay's bonus choice. Brodie was grabbed by San Francisco. Dawson

son is headed for Philadelphia and Pittsburgh landed Harris.

Dawson and Brodie were generally regarded the finest passers in the collegiate ranks last year and set numerous records with their respective schools.

Hornung and Harris, both excellent passers although not in the same class with Brodie or Dawson, are more dangerous since both are capable runners and will not hesitate to run if the Giants contain the All Star receivers.

On the receiving end the Stars have a host of capable receivers. They're Joe Walton of Pittsburgh; Lamar Lundy, a 6-6 giant from Purdue; Tom Maentz and Ron Kramer of Michigan; Mike Sandusky of Maryland; and Brad Bomba of Indiana plus an array of speedy backs who can break into the secondary.

Heavyweight Fight to Have No Judges

NORTH BEND, Wash. (AP)—The Washington State Athletic Commission today decided to leave the verdict in the Pete Rademacher-Floyd Patterson heavyweight title fight Aug. 22 in the sole hands of the referee.

Dr. Charles P. Larson of Tacoma, commission chairman, said there would be no judges for the scheduled 15-round bout at nearby Seattle when Patterson, the Olympic champion, punches for pay champion, and Rademacher, the Olympic title.

Larson said the name of the referee would be announced within a few days.

Meanwhile, Rademacher, sleek and sassy, started the last lap of training at his quarters in this mountain community 25 miles east of Seattle for his splash into the professional ranks.

Although supremely confident Patterson can be had by one Pete Rademacher, the balding, 28-year-old Olympic champ isn't quite sure the fight will definitely make him a pro.

Pete's backers, a group of Georgia businessmen, have guaranteed Pattern \$250,000 to meet Radmacher and as Pete explains it: "I'm the last guy on the payroll and I could come out of this fight still an amateur. But I didn't make the match with an eye toward making a profit."

Fishermen Like to Tell Fish Stories

By The Associated Press
This is the season of fish stories, but not all of them are limited to fish.

For instance, the Pennsylvania spinning for trout in Cowan's Gap Lake. Game protector Ed Campbell reported the angler felt a dandy strike, stopped the running line, and when his catch broke water, was treated to a fancier display of aerial antics than any trout fisherman has a right to expect.

And small wonder. He'd hooked a diving grebe instead of a fish and the bird took off with his bait.

The fisherman working highly-managed waters takes part in a kind of numbers game as well as fishing. Biologists frequently tag stocked fish and depend on anglers to return the numbers and thus fill out various studies useful in fish management.

The studies may cross state lines, as witness a report by Iowa biologists on fish travel which ranged up into Wisconsin and Minnesota reaches of the Mississippi.

Sometimes numbers tell a story about an individual fish. R. B. McMasters of Black Eagle, Mont., for instance, recently redeemed the superiority of fisherman over fish in a case that—after 11 years—was lending some support to the fish. McMaster's finally caught Montana brown trout No. 38, which was hatched in 1946.

Coincidental mathematics even enter the picture. A Tennessee fisherman on famed Reelfoot recently caught crappie No. A-4879. Then he caught crappie No. A-4880. Biologists dizzied by the odds are still trying to figure out his chances of filling out the straight in three more casts.

The hazards a man has to face when trying to catch a few fish are too little understood, particularly by wives. Has any wife, for instance, cautioned her spouse lately to beware of the mistreatment that befell a Missouri angler, sitting in a boat on a quiet stream, minding his own business? A beaver on a nearby bank cut down a tree, the tree fell on the fisherman and sank his boat.

And it was from Tennessee that this chronicle—called a fish story herein mostly because it's the wrong time of year for a duck hunting story—was relayed. Seems a duck hunter in his blind on a bright, duckless day suddenly beheld another duck hunter, paddling along in open water with a string of decoys bobbing along behind the boat. At intervals, the novice in the boat would peer aloft, squawk away on his duck call, then row some more. To a profane question, the novice explained:

"I didn't see any ducks from the blind, so I thought I'd try trolling for 'em."

Boudreau May Lose Job in Chicago

KANSAS CITY (AP) — Like Bobby Bragan of the Pittsburgh Pirates, Lou Boudreau may find Chicago is the end of the line in his job as a major league manager.

Boudreau will send his floundering Kansas City Athletics against the Chicago White Sox tonight in the opener of a three-game series in the Windy City.

It was there that the Pirates gave Bragan the heave-ho during a series with the Chicago Cubs last week.

Joe McGuff, baseball writer for the Kansas City Star, wrote from Chicago Monday night that if Boudreau "is dismissed the move probably will come here."

Only a sharp transformation of the Athletics into a fiery, winning ball club against the Sox can relieve the pressure on the personable 40-year-old Boudreau, according to rumors here.

The team has lost 12 of 14 games on its road trip—the last seven in a row—and acts as if it is living on tranquilizer pills.

McGuff, who travels with the team, wrote the club is "understandably in a disorganized state" as a result of rumors about Boudreau.

He said, "The club appears to be bordering on a complete collapse."

Arnold Johnson, Athletics president, is back at his home in Chicago and has promised a decision

Crowe Smashes Out Grand Slam Homer

MILWAUKEE (AP) — Durable George Crowe, a transplanted Hoosier, has more-or-less a permanent first base job with the Cincinnati Redlegs this year and has more-or-less made himself the team's big slugger.

He added emphasis to his record Monday night, lifting a grand slam home run over the right field fence that almost pulled the Reds even in an exhibition game with the Detroit Tigers.

But the Tigers went on to nail down a 6-5 victory.

Crowe, tapped to fill in for Ted Kluszewski, whose back injury has prevented much play, is one of only two Redlegs hitting over .300 this year. Crowe has compiled a record of 23 homers and 70 runs batted in.

It was no surprise, then, after the Reds jammed the bases in the ninth inning on a walk, a double and a single, that Crowe came through with a big swat.

Detroit, which outbit the Reds, 14-7, had built up a 6-1 lead going into the ninth. After the four-run hit, Frank Larry came on for the Tigers and cooled off the Redleg rally to preserve the victory.

The Rhinelanders left after the game for Milwaukee where three games are scheduled with the Braves. Hal Jeffcoat is slated to start the first game tonight, opposing an old Redleg nemesis, Warren Spahn.

Gelhot Becomes New Queen Golf Champion

CINCINNATI (AP)—Frank Gelhot, grayling longtime Cincinnati pro, is the new Queen City Open golf champion after a steady 70-69-139 performance.

Gelhot, 49, cut three strokes from par in Monday's day-long victory, but had to come from behind to take the lead.

George Bernardin of Miami Beach, Fla., and George Hoffer of Huntington, W. Va., took the early lead with a pair of hot 67 rounds.

But Bernardin fell to 74 in the afternoon round to take second place and Hoffer finished fifth after a 78 second round.

Identical 75-69-144 rounds earned Jack Boyatt of Cincinnati—the low amateur—and Joe Taylor of Charleston, W. Va., a tie for third.

Last year's champion, Veri Stinchcomb of Portsmouth, fired a first round 73 and withdrew.

LEGAL NOTICE

Public notice is hereby given that Ohio Edison Company has filed with the Public Utilities Commission of Ohio an application requesting authority to decrease, change or increase certain rates and charges for electric service rendered in certain areas in the Counties of Ashland, Ashtabula, Carroll, Champaign, Clark, Columbiana, Crawford, Cuyahoga, Delaware, Erie, Franklin, Geauga, Greene, Holmes, Huron, Knox, Lorain, Madison, Mahoning, Marion, Medina, Morrow, Ottawa (excluding South Bass Island, Middle Bass Island and North Bass Island), Portage, Richland, Sandusky, Seneca, Summit, Trumbull, Union, Wayne, Wyandot and in certain incorporated rural communities located in said counties where rates are not fixed by rate ordinance contracts, to become effective on a date to be fixed by the Public Utilities Commission of Ohio, all as more fully set forth in the application and the exhibits thereto.

The decreases, changes and increases are to be effected as follows:

By cancelling Original Sheet No. 63-AA, Original Sheet No. 64-AA and Original Sheet No. 66-AA of P.U.C.O. No. 1 and P.U.C.O. No. 9, Schedules of Rates for Electric Service.

By cancelling Original Sheet No. 20-AA, Second Revised Sheet No. 24-AA and B, Original Sheet No. 26-AA and Original Sheet No. 28-AA, said P.U.C.O. No. 1; and by cancelling P.U.C.O. No. 1; and by cancelling P.U.C.O. No. 26-AA and Original Sheet No. 44-AA of said P.U.C.O. No. 9.

The schedule sheet numbers enumerated above provide rates and charges for Secondary Lines and Power Service in the areas above stated.

The application states that as a result of the proposed decreases, changes and increases, there would be an overall reduction in revenue to the Company by the 13,081 customers affected by the Company's proposed rates of \$6,705.48 based on the year 1955, or an overall reduction of 1.83%. It is further stated that if the proposed rates had been in effect during the calendar year 1955, the estimated reduction in revenue from the customers affected of \$6,705.48 would have been as follows:

(1) From 2,864 customers—30.37% of the total number affected of 13,081—a reduction in the rate schedule sheets of \$1,124.47;

(2) From 9,721 customers—74.31% of the total number of such customers affected—the revenue would have remained unchanged.

(3) From 696 customers—5.32% of the total number of such customers affected—the revenue would be increased in the amount of \$75,476.99.

A copy of the application, including a copy of the schedule sheets and the schedule sheets proposed to be cancelled, together with copies of said schedule sheets, may be inspected by any interested party at the Office of the Commission, State Office Building, 68 South Front Street, Columbus 15, Ohio or at the office of Ohio Edison Company, 47 North Main Street, Akron 8, Ohio.

10 Lettermen Back; Season Begins Sept. 14 at Poland

COLUMBIANA — Football Coach candidates for the team will be George Fisher has announced his first practice for Aug. 20. Ten Clipper lettermen have been called to report for equipment Aug. 17. On Aug. 19, other players and

will be assisted by Rich Berryman, head coach last year, Fisher will attend the Ohio High School Coaches' association clinic in Canton next week.

The Clippers will have this fall their first 10-game football schedule in several years. It begins Sept. 14 at Poland. The schedule includes seven Tri-County League games besides McDonald, Canfield and Springfield.

The schedule is: Sept. 20, Mc-

Donald here; Sept. 27, Minerva there; Oct. 4, Canfield here; Oct. 11, Leetonia there; Oct. 18, Sebring here; Oct. 24, Springfield here; Nov. 1, Lisbon here; Nov. 8, East Palestine there; Nov. 15, Louisville there.

A DONKEY baseball game will be played on the hard ball field in Firestone Park at 7 p.m. Wednesday. Donations will go to the Columbiana Little League.

George Oliver, commander, and Paul Sevensch and Carl Wickline of York Drexler Post Veterans of Foreign Wars attended a picnic of the Sixth Ohio district near Millersburg, Sunday.

Rehearsals will be resumed by the Boy Scout Band of Troop 16 at the Methodist church at 6:30 p.m. Wednesday.

MIRIAM CIRCLE will meet at the Presbyterian church at 8 p.m. today when tax stamps will be counted. Hostesses will be Delores Dalrymple, Joan Jones and Dorothy James.

Viola Eberhardt will have charge of a youth night program at a meeting of the Daughters of the King of Jerusalem Lutheran church at 8 p.m. today. Hostesses will be Ada Douglas, Ina Underwood, Dorothy Bowman, Lydia Tyson, Elizabeth Tieman, Marian Hanna and Catherine Zimmerman.

Open Church Planned For Aug. 25 Wedding

COLUMBIANA — Open church will be observed in the Presbyterian church at 3:30 p.m. Aug. 25, for the wedding of Miss Mariellen Scheidemantle, daughter of Rev. and Mrs. H. J. Scheidemantle, and Ray Edgar Burkhardt, son of Mr. and Mrs. Clayton Burkhardt of Columbiana. An open reception in Westminster hall of the church will follow the ceremony. Miss Scheidemantle and Mr. Burkhardt are 1954 graduates of Columbiana High School and will enter their senior year this fall at Heidelberg College in Tiffin. The prospective bride, a sophomore in the College of Wooster, at Heidelberg will complete a course in elementary education.

FILM FOR KIWANIS

A film on the manufacture of polio vaccine will be shown at a meeting of the Kiwanis Club Thursday noon in the Memorial Building. Tom Kneifel is program chairman.

MERCURY DIPS IN CLEVELAND CLEVELAND (AP)—Monday's 68-degree high at 6:45 p.m. was the lowest temperature in Cleveland on Aug. 5 in 7 years, the Weather Bureau said.

Work Halt Keeps Welk Show Off Air

NEW YORK — Work stoppages by ABC-TV technicians in four cities knocked the popular Lawrence Welk show off the network Monday night. The dispute disrupted other programs off and on earlier in the day.

But near midnight a settlement was reached between the network and the National Assn. of Broadcast Employees and Technicians (NABET).

The dispute was over ABC's premiere Monday of a TV program, American Bandstand, previously seen only locally in Philadelphia.

NABET charged that use of the Philadelphia show, telecast with technicians employed by a station there, constituted taking work away from NABET members under contract with ABC.

Technicians in ABC-owned stations, in New York, Chicago, Los Angeles and San Francisco then started "writing grievances" and refusing to work.

One source said the argument was settled with a promise to give NABET advance notice of such action in the future.

Nationwide Cement Strike Nearly Over

CHICAGO (AP)—A union official Monday said the nationwide cement strike is nearly over and some 5,000 workers have returned to their jobs at 64 plants.

Toney Gallo, secretary-treasurer of the Cement, Lime and Gypsum Workers International Union, said seven plants with a work force of 1,340 are still struck. Five General Cement Co. factories and two Lone Star Cement Co. plants are still closed, he said.

Gallo said pay raises averaging 13.6 cents an hour together with fringe benefits that increase the total package to 16 1/2 to 17 1/2 cents an hour are contained in the new contracts.

The national average previously had been \$2.07 an hour.

"In 99 per cent of the cases," Gallo said, "a 10-cent an hour increase will be retroactive to May 1."

Salk Says His Vaccine To End Crippling Polio

NEW YORK (AP)—Dr. Jonas Salk says the killed virus vaccine he developed "will solve the problem of paralytic polio." But he doesn't rule out development of "other ideas and variations" in antipolio vaccines.

Salk returned Monday from the fourth international polio conference in Geneva. He was asked about the recent recommendation of a 12-nation panel of the World Health Organization for trials of a polio vaccine made from live virus.

He said he is convinced that the killed virus holds the answer to eventual elimination of the disease. But he added that development of other types of antipolio vaccine is possible.

CINCINNATI (AP)—The Cincinnati Eye Bank for Sight Restoration, Inc., says it has helped an average of two corneal transplants a month that restored the patient's sight, since the organization started last September. Officials said Monday that donations of eyes after death average one a week.

VILLAGE REJECTS ADDITION LORAIN, Ohio (AP)—A proposal to incorporate the unincorporated areas of Black River Township into a village was rejected by voters at a special election Monday.

Seven petitions asking that the 3,000-acre area be annexed to the city of Lorain are under consideration by the Lorain County Commissioners.

'21' Winner Defeats Two More Opponents

NEW YORK (AP)—Dairy farmer Hasold Craig defeated two opponents on a TV quiz show Monday night and boosted his total winnings to \$63,500.

Craig, 26, of Granville, N. Y., first picked up \$9,000 on NBC-TV's "Twenty-one" by beating Brian Hamilton, 27, of New York City, a translator of French technical books.

The upstate New York farmer then went on to score a 21-0 shut-out over Richard McGrath, 28, a research market analyst from Lafayette, Ind.

Angler Drowns While Starting Boat Motor

BELLEVIEW, Ont. (AP)—A visiting angler, Charles Ringley, 34, of Massillon, Ohio, drowned Monday when he fell overboard shortly after starting his outboard motor.

Police said he apparently forgot to pull in his anchor before starting the motor and the boat's jerk as it reached the end of the rope toppled him overboard.

The accident occurred at Bob's Lake, 45 miles northeast of Belleville.

Tempest Storm Also Sheds Legal Name

LOS ANGELES (AP)—Tempest Storm, known on the burlesque circuit for her artful shedding of wearing apparel, wants to do likewise with her legal name, Annie B. Becker.

And when Miss Storm, who claims measurements of 40-23-34, appeared Monday to file her petition to legalize her stage name, work in the Hall of Records literally came to a standstill.

The 26-year-old striptease, who has ambitions of becoming a dramatic actress, was attired in a snug fitting, one-piece jersey dress of a turquoise hue.

PLOT FACES CHARGES

PAINESVILLE, Ohio (AP)—Charges of unsafe operation of an airplane come up in Municipal Court today against Eugene D. Burkett, 34, of Cadiz. Ohio State patrolmen charged Burkett flew along the crowded Lake Erie shoreline less than 50 feet off the ground Sunday.

DIES IN AUTO COLLISION

TROY, Ohio (AP)—James Elijah, 55, of Dayton, was killed Monday in an auto collision at the intersection of Ohio 71 and Peters Pike west of nearby Tipp City.

Construction Leads In Employment Gains

COLUMBUS, Ohio (AP)—Ohio State University's Bureau of Business Research reported today that construction continued to lead employment gains in Ohio during June with a 5 per cent advance during the month over May figures.

Ohio payrolls also were up five per cent for the construction industry, surpassed only by mines and quarries, with a 6 per cent gain in payrolls as well as man-hours worked.

The bureau said compared with a year ago in June, construction was up 19 per cent in payrolls, 10 per cent in employment and 6 per cent in man-hours, with vehicle manufacturing running second with a 16 per cent gain in payrolls, 10 in employment and 8 in man-hours.

For the state as a whole during June, industrial payrolls showed a monthly gain of 2 per cent, and a 12-month advance of 4 per cent, while employment gained fractionally for the month but was off 1 per cent for the year. Largest percentage gain for the month was reported in Akron, where the construction payroll was up 50 per cent.

Linda Kay Griffin To Marry Aug. 25

COLUMBIANA—Miss Linda Kay Griffin, daughter of Mr. and Mrs. Robert W. Griffin formerly of Minerva, will be married Aug. 25 to William R. Harwell, son of Mrs. M. B. Harwell of Clinton, Mo., and M. B. Harwell of Kansas City. Open church will be observed for the ceremony in the Presbyterian church at Minerva at 4:30 p.m. A reception in the church social room will follow the ceremony.

Miss Griffin, a graduate of Minerva High School, had been attending Youngstown University and is now employed in Kansas City. Mr. Harwell, a graduate of Clinton, Mo. high school, is an apprentice tool and die maker in Kansas City.

Invents Smallest Strap-On 'Copter

MANHATTAN BEACH, Calif. (AP)—Aeronautical engineer Eugene M. Gluhareff says that he has produced the world's smallest strap-on helicopter.

It weighs only 68 pounds. The user slips it on like a soldier slipping into a knapsack. Gluhareff, who says that the armed forces are showing an interest in his device, claims it flies 50 m.p.h. for about half an hour.

The tiny copter has jet engines, fed with propane gas, at the end of two 10-foot rotor blades.

Atlanta's 'Miss Liberty' Gets New 1957 'Dress'

"Miss Liberty," a metal statue made by the W. H. Mullins Co. here in 1884, to adorn the state capitol building at Atlanta, Ga., is being refurbished.

H. Parker Lowell, who was secretary of the Salem Chamber of Commerce in 1923, has written to friends here, telling them that "Miss Liberty" is being brightened after her years as a symbol on the Georgia statehouse.

Mullins-made statues are to be found in many public buildings throughout the nation.

Ford Co. Cites Value Of Using Seat Belts

WASHINGTON (AP)—The Ford Motor Co. estimated today that the nation's traffic casualties might be cut by more than half if all riders used seat belts.

Alex L. Haynes, advanced product study director for Ford, relayed this word to a House Commerce subcommittee, headed by Rep. Roberts (D-Ala.), looking into traffic safety.

But Haynes added that Ford sales of seat belts have dwindled after an initial spurt. The company first made the safety devices factory-installed optional equipment on all 1956 models.

KILLED IN COLLISION

ASHLAND, Ohio (AP)—A 49-year-old Ashland man was injured fatally late Monday when the farm tractor he was driving was hit by an automobile on Ohio 96 about three miles west of here. The victim, Raymond Austin, died in Samaritan Hospital here an hour after the collision.

SEEKS URANIUM CONTRACT

WASHINGTON (AP)—The Ohio Oil Co., Findlay, Ohio, is asking the Atomic Energy Commission for a contract to extract uranium from lignite coal in the western Dakotas. An AEC spokesman declined to say whether any conclusions were reached at Monday's meeting between AEC and Ohio Oil representatives.
